PROFESSIONAL SUMMARY

Workforce strategy and enterprise transformation leader with 16+ years of experience connecting people-program investments, analytics, operating models, and organizational value. Experienced in Total Rewards, labor optimization, people analytics, executive decision support, fiscal planning, cross-functional governance, large-budget programs, and change leadership. Builds executive-ready dashboards and decision frameworks that translate complex workforce data into clear priorities and measurable action. Brings additional technical fluency in AI-enabled operations, automation, systems design, and responsible technology governance.

SELECTED LEADERSHIP IMPACT

- Led Total Rewards and Labor Optimization work connecting workforce data, benefits utilization, labor efficiency, and organizational value.
- Led a $4.5M academic medicine initiative spanning 10+ institutions and senior stakeholder groups.
- Directed $245K–$2.2M SaaS implementations for Department of Energy, defense, and regulated-industry clients.
- Developed a five-year roadmap contributing to more than $14M in savings and cost avoidance.
- Led and developed a 17-member team while improving customer satisfaction by 34% within six months.

CORE COMPETENCIES

Total Rewards strategy | Workforce strategy | Labor optimization | People analytics | Benefits analytics | Executive decision support | Executive reporting | Workforce dashboards | HR transformation | Operating-model design | Fiscal planning | Program governance | Change leadership | Stakeholder alignment | Process improvement | AI-enabled operations | Responsible automation

PROFESSIONAL EXPERIENCE

Wellstar Health System, Atlanta, GA

Technical Program Manager – Total Rewards Jan 2025–Jul 2026

- Led enterprise Total Rewards and Labor Optimization work, translating workforce, benefits, utilization, and labor data into executive dashboards, decision support, and action-oriented recommendations.
- Designed analytics and storytelling frameworks connecting people-program investments to ROI, utilization, operational efficiency, workforce experience, and organizational value.
- Built repeatable reporting workflows using Power BI, Tableau, SQL, Excel, and PowerQuery to improve visibility and decision speed.
- Coordinated HR, finance, technical, operational, analytics, and executive stakeholders to clarify requirements, align priorities, and move high-visibility work toward execution.
- Served as a bridge between workforce data, program strategy, operational priorities, and executive decision-making.

Harvard Medical School, Remote

Program Manager – Concurrent SME Consulting Engagement Jan 2023–Jan 2025

Concurrent SME consulting engagement

- Led a $4.5M academic medicine initiative spanning 10+ institutions, hospital partners, educators, and internal leadership groups.
- Established governance, operating rhythms, decision frameworks, communication plans, and execution milestones.

- Balanced institutional strategy, fiscal planning, stakeholder priorities, long-range value creation, and operational delivery.
- Aligned diverse stakeholders around priorities, dependencies, risks, and institutional outcomes.

Ideagen DevonWay, Remote

Technical Project Manager – Client Implementations Nov 2022–Jan 2024

Concurrent SME consulting engagement

- Directed SaaS implementations for Department of Energy, defense, and regulated-industry clients with budgets from $245K–$2.2M.
- Coordinated sales, product, engineering, implementation, and customer teams across complex technical environments.
- Owned scope, schedule, risk, dependencies, executive reporting, escalations, and issue resolution.
- Increased customer satisfaction by 25% through stronger communication, delivery alignment, and issue resolution.

Warrior Body Spa, Tucker, GA

Director of Operations 2014 - 2022

- Directed operations, staffing, customer experience, systems, process improvement, and performance management.
- Led and developed a 17-member team while improving customer satisfaction by 34% within six months.
- Redesigned CRM, scheduling, marketing, and service workflows to improve consistency, visibility, and scalability.
- Balanced day-to-day execution with workforce planning, employee support, automation, and long-range growth.

KSW Real Estate, Atlanta, GA

Project Manager, Real Estate Operations 2010 - 2014

- Developed a five-year operating and investment roadmap contributing to more than $14M in savings and cost avoidance.
- Supported portfolio expansion from two to seven properties through disciplined planning, financial analysis, and execution management.

INDEPENDENT AI-ENABLED OPERATIONS & SYSTEMS DESIGN

- Built and installed a recoverable AI-enabled production platform integrating local AI, APIs, MCP integrations, automation, observability, dashboards, secure access, CI/CD, storage, and documented recovery operations.
- Designed governed workflows with explicit ownership, evidence, auditability, approval controls, and rollback procedures.
- Applied systems thinking and responsible automation principles to complex operational processes, decision support, and cross-functional workflows.

TOOLS & METHODS

- Analytics: Power BI, Tableau, SQL, Excel, PowerQuery
- Program delivery: Jira, Confluence, Asana, PowerPoint, Visio
- Systems and automation: Python, APIs, dashboards, workflow automation, AI agents, MCP integrations
- Methods: Agile, Waterfall, change management, governance, operating-model design

EDUCATION & CREDENTIALS

- Harvard University - Graduate Certificate, Corporate Sustainability and Innovation
- Augusta University - Master of Public Administration
- Paine College - Bachelor of Arts, Philosophy
- Private Pilot License - ATP Flight School
- Project Management Professional (PMP) | Certified ScrumMaster (CSM)
